Hi Everyone:

I just want to make sure everyone is on the same page. We have three sites that we need Geo Probe Soil Boring subcontractors and utility mark outs.

Next week, August 3-7: Canadian Radium Uranium Site

August 10-14: Niagara Falls Boulevard Site & Holy Trinity Cemetery Site

Soil sampling and analysis were mentioned in the original TDDs (attached). If I need to create or approve another TDD for the subcontract bid process to progress, please let me know. We want to have the utility mark outs in place.

Regards,

Eric
